

EAST ZONE ELEMENTS

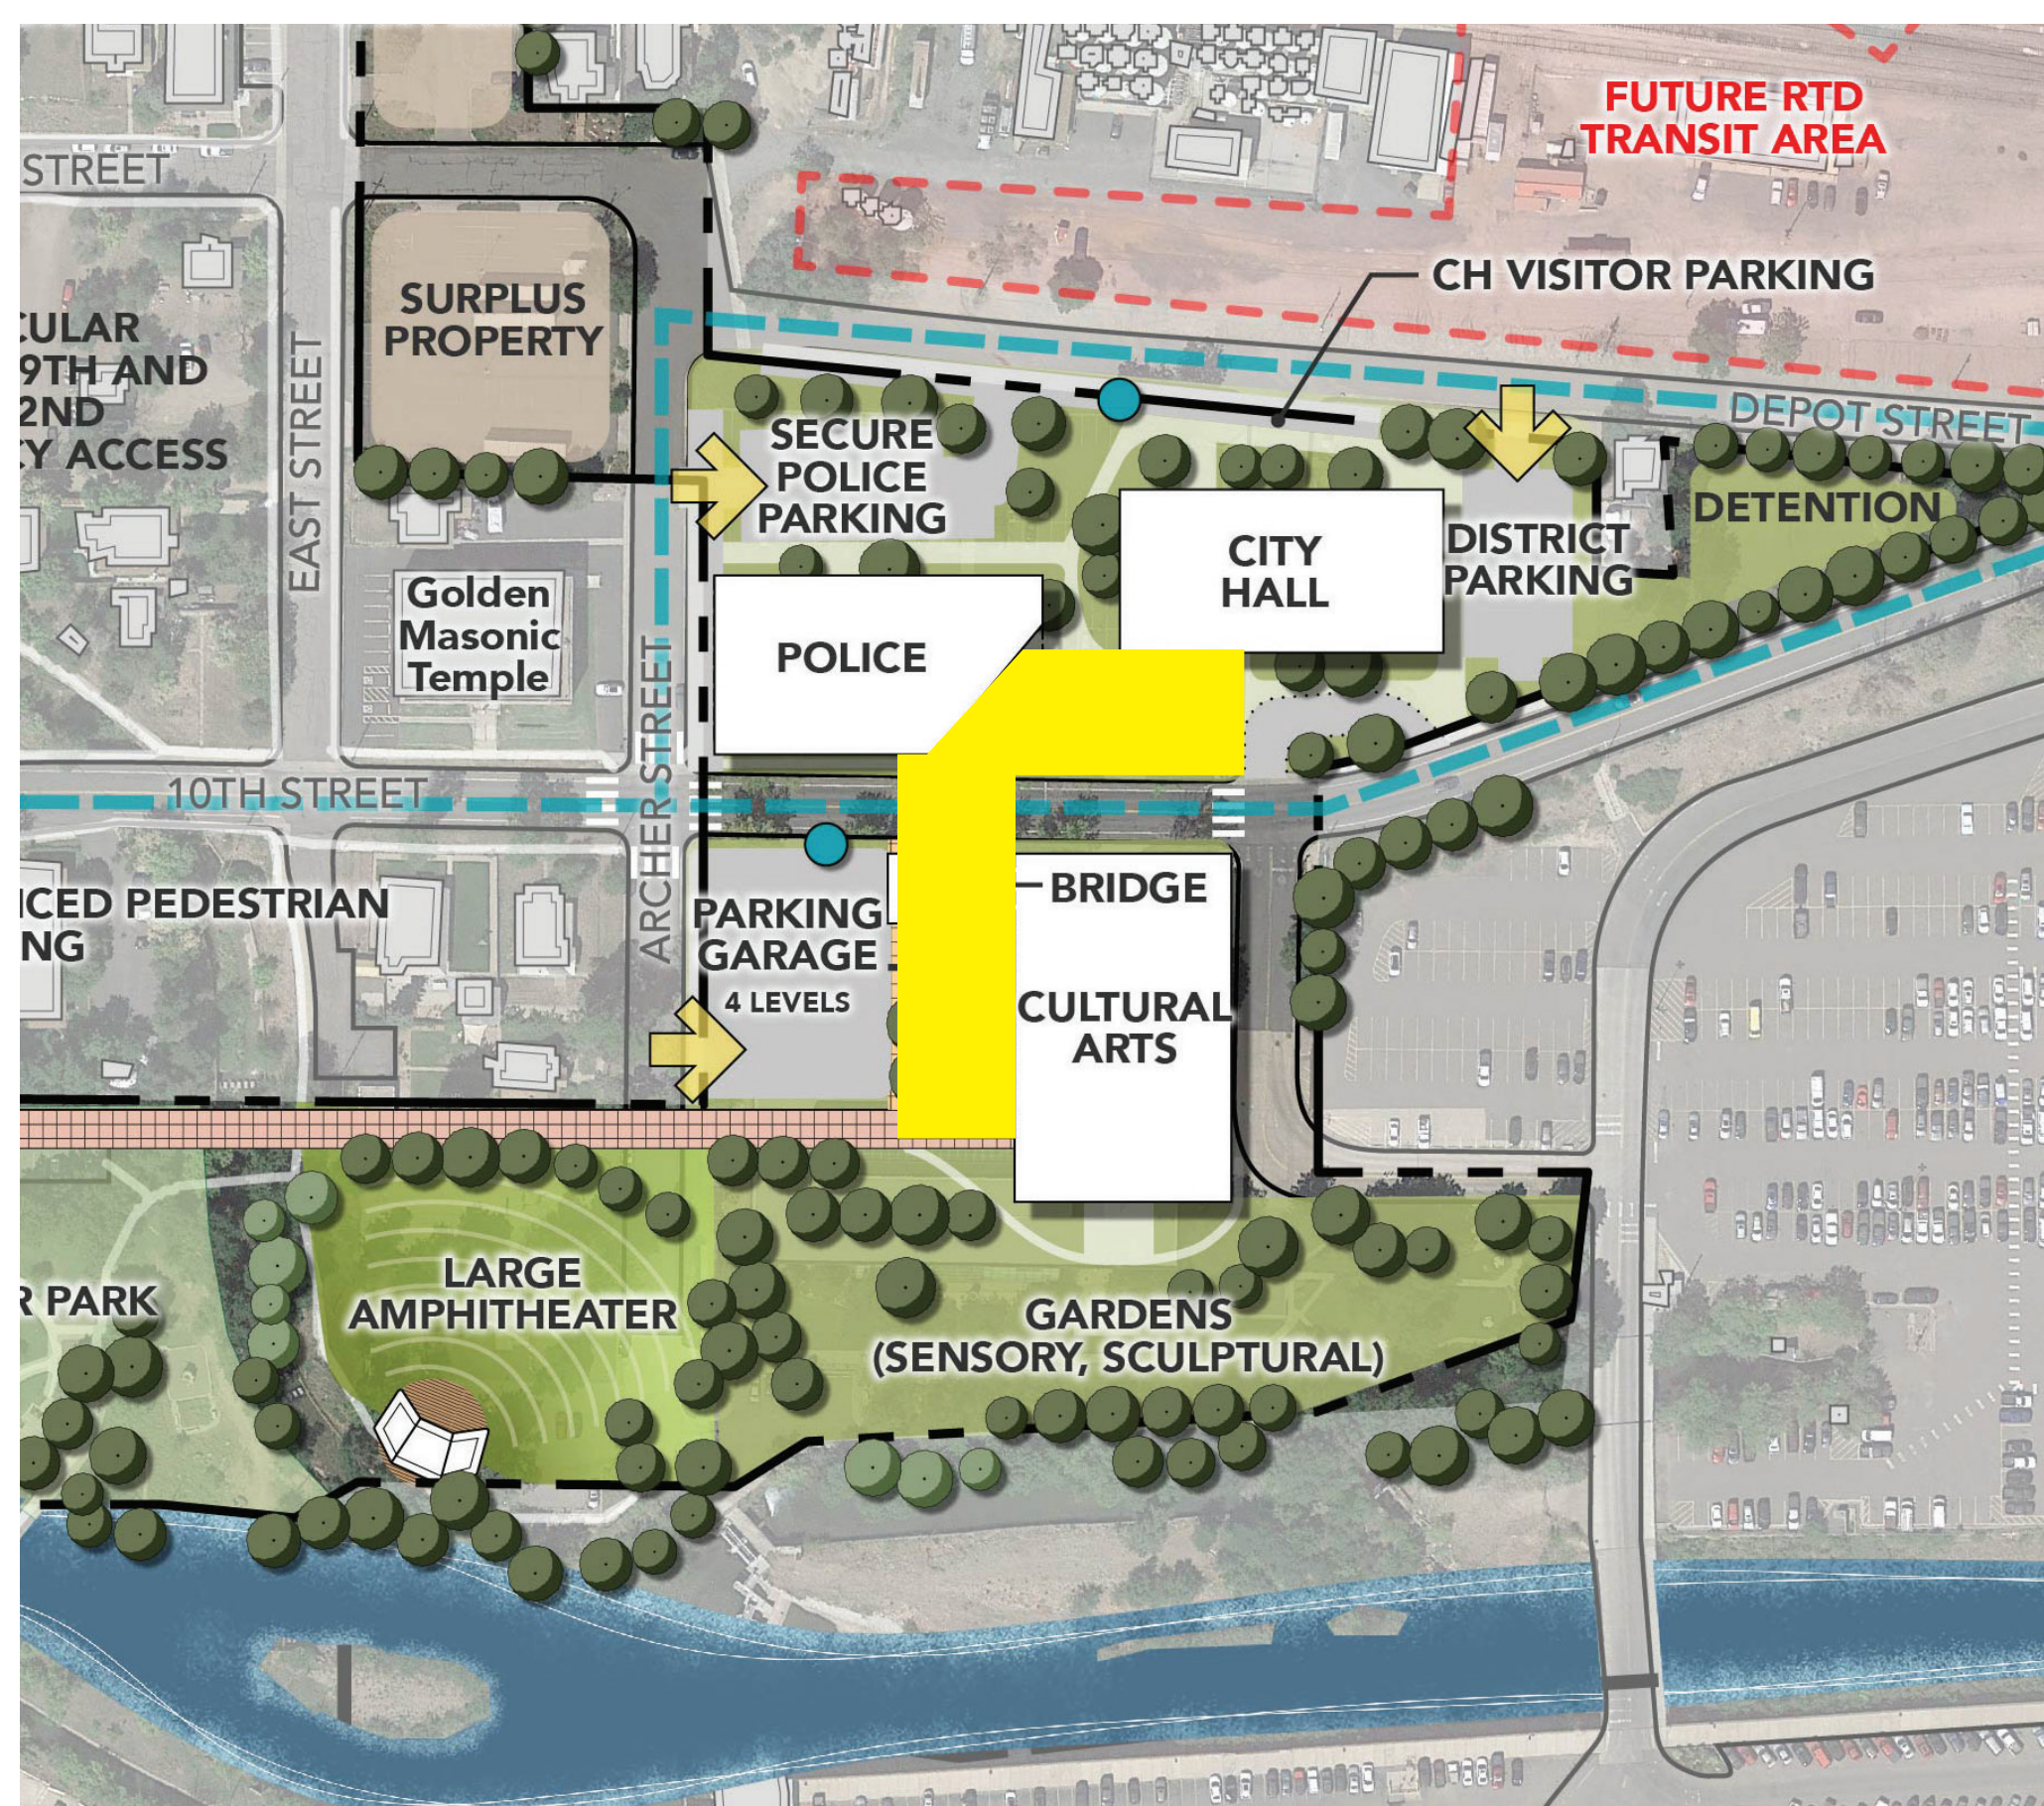

Community input so far has indicated that residents prefer to locate higher density development in the East Zone. This “civic campus” would include new civic buildings, public plazas, a parking garage, and a large amphitheater.

East Zone Public Space

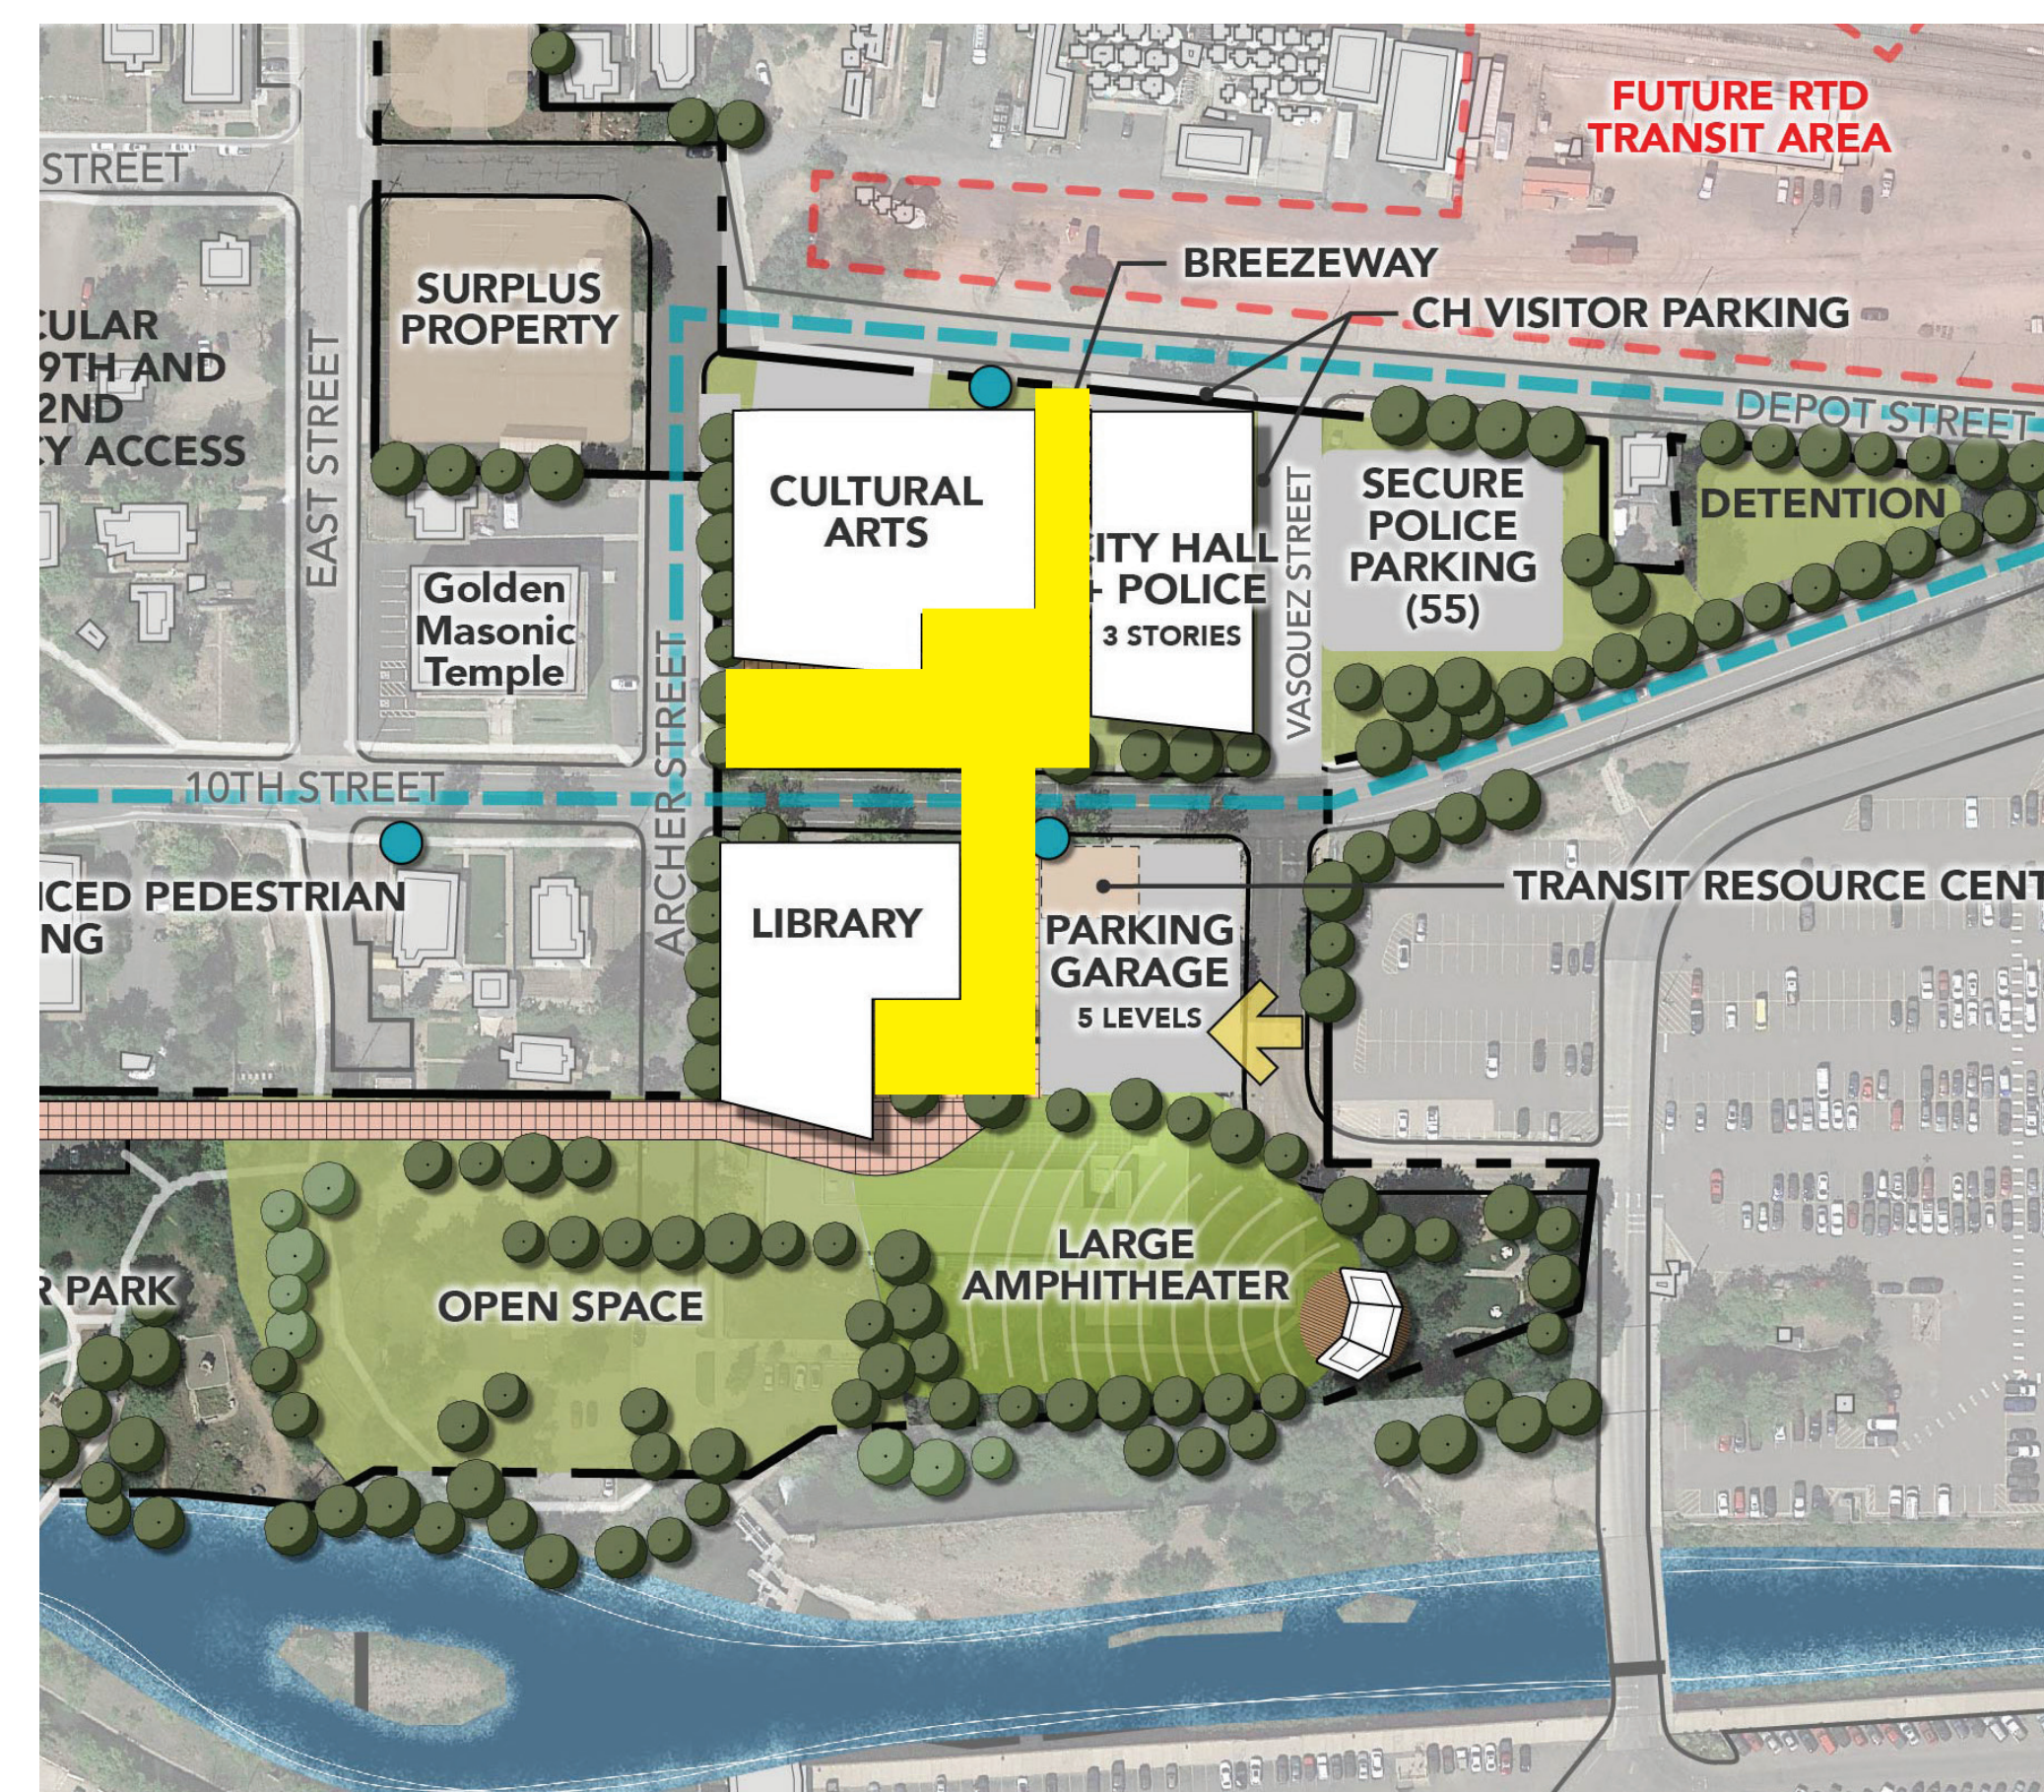

Each concept illustrates a different orientation of buildings and public space in the East Zone. Place a dot on your preferred orientation.

Concept 1: Oriented on a large diagonal plaza

Concept 2: Oriented around informal open space and small plaza

Concept 3: Oriented on a large perpendicular plaza

OTHER SUPPORTING USES

Residents have expressed interest in additional uses along the Clear Creek Corridor, including housing and retail. If these were to be included in our plan, where would you place them?

Housing

Place a dot in the box that reflects your choice.

Incorporate housing into the project site.

Please place an additional dot on the map below with your recommended location.

Incorporate housing into the surplus properties.

Refer to Concept Plans board for surplus property locations.

Do not incorporate housing into this project.

Retail

Place a dot in the box that reflects your choice.

Incorporate retail into the project site.

Please place an additional dot on the map below with your recommended location.

Incorporate retail into the surplus properties.

Refer to Concept Plans board for surplus property locations.

Do not incorporate retail into this project.
